Ref. No. Rev/18/2379-94

Date: 05-11-2018

To,
The General Manager
Kuju, Barka-Sayal, Kathara, Dhor, NK, M&A, Argada,
Piparwar, Rajhara, Hazaribagh, Rajrappa, B&K Area

**Sub: Employment Proposals vis-à-vis Data provided in Land
Information System**

Dear Sir,

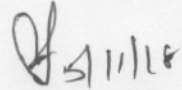

It has been noticed in many employment/R&R benefits/Civil Structure payment/ Payment of Land Compensation proposals that the land offered in the proposal are different than the data provided by the concerned Areas for uploading in the LIS Portal. As a result, the files/proposals are returned back from this office, the concerned Areas then sends the corrected data for uploading in LIS Portal, the data is corrected and after completion of this process, the file/proposal is again re-forwarded by the Area to L&R, CCL for verification. This takes a long period and a considerable time is lost in final scrutiny of the file/proposal by CCL headquarter.

To avoid this loss of time in final scrutiny of the proposals and smooth functioning of the department in dealing with these proposals against land with better efficiency, **hence forth, all the proposals must contain duly signed downloaded data of the plots from the LIS Portal and must be tallied at the place of origination of the proposal itself. If any discrepancy is observed in the data of the proposal and in LIS Portal, the data must be corrected and then only the proposal be forwarded.**

This is for your information and strict compliance please.

Cc to: 1. TS to CMD, CCL
2. TS to D (P), CCL
3. All executives of L&R, CCL.

Yours faithfully

General Manager, L&R,
Darbhanga House, CCL
